Don and everyone at Sport Court,

I just wanted to send a letter of thanks to you and to Sport Court for your work here at the Boys & Girls Club of Scurry County. Our most utilized and popular room in the Club here in Snyder, our gym, was the worst, ugliest and most disliked room here. The community had grown a disdain for having to practice at the Club for basketball, and we hadn't had a real basketball game here in over 30 years!

Then Sport Court stepped in. Because of you we were able to secure funding to purchase a court to cover our huge gym, and because of that the County Commissioners were also willing to give some money for renovations in the gym. All totaled we secured over \$150,000 worth of renovations and upgrades, and it all started with you contacting me with the grant opportunities! Without that I know there is no way the gym would be where it is today.

After the renovations our gym is now one of the jewels of West Texas, and surely one of the shining spots for Snyder. The community has come out wholeheartedly in support of the Club, and everyone is thrilled with the floor, how it looks and how it came out.

Not only did you provide a court for the kids of Scurry County, you provided a source of hope, pride and inspiration to the community. We recently held the first official basketball game here in over 30 years, and are scheduled to hold tournaments, volleyball camps and so much more. Everyone has come in and seen the gym, seen the floor and are amazed about the difference. They now once again have pride in the Club, and a renewed sense of pride beams throughout the community.

All this happened because you took the time to reach out, took the time to care. You opened the doors, and we were successful and grateful to be able to work with you. The services you all provided gave the kids, gave the Club, and gave our community a source of pride and inspiration which had been missing for a long time.

We thank you!

Sincerely,

Clint Ziehl
