TO WHOM IT MAY CONCERN:

I'd like to take this opportunity to share with you how great we here at USA Volleyball believe the Sport Court flooring product is - and how important it has been to us and to the quality of our events over the past thirty (30) years.

Since 1989, Sport Court flooring has been the Official Athletic Flooring of USA Volleyball, its National Teams and its Championship events. Over that time, our membership has competed annually in the USA Open Championships and the USA Junior National Championships (Girls and Boys) on forty-to-one hundred of your quality courts "under one roof" in convention centers around the country – hundreds of teams challenging for National Championships – all of which were won entirely on Sport Court. By utilizing Sport Court, convention centers (beginning with only floor space and high ceilings) are transformed into magnificent sport arenas in just a day or so. Playing these huge events in one venue has been a dream come true for the players, coaches and officials and would not have been possible without your product and your sponsorship support.

The Sport Court athletic flooring has not only created opportunities for playing in venues and cities that never before were possible, but it has helped our National Team events become much more unique, distinguishable and aesthetically presentable. Since 1991, every USA National Team home match, under the control of USA Volleyball, has been played on an "America-themed" Sport Court volleyball surface designed purely to volleyball's specifications, helping us promote, define and differentiate the image of our sport in this country to both spectators and television audiences.

Additionally, there is no doubt that the Sport Court surfaces have been a key factor in the opening of new volleyball centers around the country and have contributed to the grass roots growth and development of our sport.

USA Volleyball is proud to recommend Sport Court as an affordable, durable and approved playing surface for the sport of volleyball.

Sincerely,

Kerry J.W. Klostermann
